MAXIMUM RETAIL PRICE [2022-23]

# CORE STRENGTH

THE INFRASTRUCTURE  
WHERE EXCELLENT  
SERVICES MEET YOUR  
UNIQUE PLANS,  
DESIGNS AND IDEAS

Sunhearrt is a well-known brand name in the tile world with more than 10 years of experience. Sunhearrt has so far gained immense trust & quality satisfaction from its customers. The core strength of Sunhearrt has been a professional approach, trend-setting products, next to perfection after-sales services & a dedicated professional sales & service team which lead us to be one step ahead. Our vision is our core strength.

ORIGINAL IDEAS  
BACKED BY  
EXTENSIVE RESEARCH  
FOR A BRIGHTER FUTURE

Quality is never an accident but a continuous process. Quality is always the result of careful craftsmanship, planning, intelligent efforts and a process-driven action to obtain the desired parameters of the product. Customers being our prime focus thus selection of our product portfolio is carefully done to meet the expectation of the most valued customer. Each and every product is made to suit the needs and comforts of the end-user.

Sunhearrt is committed to present a range of bathware products that is a combination of aesthetics and technicality. Our products are stylish and appealing in addition to being sturdy and durable. We make sure that our designs are contemporary and user friendly with superior functionality. Our products are crafted for luxurious bath spaces. Perfect harmony is the very essence of SUNHEARRT BATHWARE. Our stunning range of products is here to mesmerize you.

COMPANY STRENGTH AND  
ACHIEVEMENTS THAT DEFINES  
OUR PLACE IN THE INDUSTRY

- **1220+ Dealers & 4780+ Retailers** Across The Country
- Among **Top 10** Ceramic Brands of India
- **53 Million sqm.** Production Capacity Per Year
- Presence In Over **83+ Countries**
- **Largest Exporter** Since Last 6 Years Consecutively

## ADVANCE FLUSHING SYSTEM WITH WATER SAVING TECHNOLOGY

An innovative approach towards the flushing system and an initiation to prioritize hygiene led to the development of a 4D siphonic flushing system. This flushing system has four water outlets inside the bowls that let the water flow thoroughly around the bowl and clean it perfectly.

### SWIRL FLUSHING

Swirl Flush projects powerful jets of water from inside the bowl and creates a whirlpool effect that cleans the entire surface. It is quiet, water-efficient and more thorough than other flushing systems.

## THIN BASIN FOR STYLISH OUTLOOK

The thin rim basins from Sunhearrt make for a super stylish and enriching element for a bath space. Its refined edges and slim surface resonates richness and creates a beautiful visual. These basins fit well with all bath spaces by enhancing the ambience of the space. The thin rim basins are made from fine material to enhance their appearance and give them high durability.

## TIPS FOR MAINTENANCE

The Bathware from SUNHEARRT have a smooth, impermeable and practically scratch-resistant surface, which is resistant to most of the acids and alkalis mainly encountered in the home. For daily care, you will usually only need water and damp cloth. Tidemarks, grease and soap residues can be removed quickly and easily with a vinegar-based or bathroom cleaner. Like any other part of your house, the bathroom can be made to look great and made to last if it is taken care of regularly. Here are some simple tips that can help you keep your bathroom glittering and fresh everyday.

### WASH BASINS

The wash basin needs to be washed with a mild detergent at least once a day. After washing, the basin must be wiped with a dry cloth to avoid water stains, especially on dark colours. Wash basins not cleaned for along time can accumulate stains. To remove the stains, diluted hydrochloric acid may be used.

### CLOSETS

Use a plastic bristled brush with a plastic handle to scrub the EWC with a cleanser, at least once a day. After flushing the EWC, clean it with the brush to avoid minute discoloring. If there has been no maintenance over a long period of time, water deposits and discoloration are formed on the surface of areas that get wet. In such cases, these stains/marks can be removed with the help of diluted hydrochloric acid. Do not use powder paste, thinner or dry cleaning liquids. To remove fine scratches, use Brasso or car rubbing compound and then polish with a polish cloth.

### INTERNAL FITTING OF CISTERNS

Accumulation of dust/small piece stones/sand coming through pipeline in the water on inlet and outlet rubber diaphragms may result in leakage of water. In case of such malfunctioning, all you have to do is open inlet/outlet valve and clean the diaphragms or replace them. Use only genuine spares parts.
